- Shaqa Basketball
- 
- Horse Shoe Flinging

# PICK 'N' MIX

## Are there any restrictions?

No. We have no age, ability or creed restrictions whatsoever. Our games are there to challenge and be fun for all ages and abilities. For the past 10 years, our charitable unfunded organisation has been delivering safe activities throughout the whole of North East Lincolnshire.

## Can we purchase and present our own winners and losers trophies?

Of course, you can. We will provide the audio commentary, sound effects and photographs to evidence the great time which will be had by all.

## Why do you offer this service?

We are a charity and the need to raise funds to continue our great work in our community has never been in such demand. The pricing is value for money and all profits are reinvested to help us continue to help even more people in our community.

## I have a business, so could I challenge another business?

Yes, you can. In fact, you do not even have to be a business. A group of friends with a scary name will do. We call it throwing the gauntlet down and we will provide you with fun messages which you can send to the opposition in the hope that they will honour and accept your challenge.

## Do participants need to be super fit to take part?

Absolutely not. Our sporting games are designed to offer both mental and physical challenges however is mainly through technique that games are learned. We know that with a little practice all participants will get better at all our challenges.

## You have a minimum requirement of 10 participants. Why?

To maximise the fun and competitive elements during the session. We can work with less people but we have had to price as a minimum of 10 participants paying a set fee which enables us to fund the coaches, venue, drinks, insurance and any equipment replacements as nothing lasts forever.
